

# Family and Team Activity Days

Welton Waters Adventure Centre offers the ideal setting for identifying and developing skills within your staff, team or family and can offer a range of courses to meet your desired outcomes.

For example, you may wish to explore group dynamics with low impact activities such as team challenges, orienteering, walking or rafting. Alternatively you may wish to increase the pressure with activities such as obstacle courses, team building or canoeing courses! Our centre is equipped with good classroom facilities, and all of our staff are experienced in working with participants in a developmental context.

## Orienteering:

This activity teaches the important life skill of map-reading. After thorough tuition in the basics, including orientating the map, symbols and scale, participants can head off to complete a variety of courses for the more experienced. This can include orienteering by mountain bike.

## Problem Solving:

Spider's web, mazes, blindfold trails and sheep pens are just some of the tools used to test your problem solving skills! Ranging from mental puzzles through to team challenges, we'll test your ability to work together, communicate and think fast.

## How to Find Us:

**From A63 travelling East:** take the turning sign posted for Elloughton, Brough, Welton. Follow the road round to the left and at the traffic lights turn left. After 50 yards turn right into Stanley Jackson Way.

**From A63 travelling West:** take the turning sign posted for Elloughton, Brough, Welton. Take the first left into Stanley Jackson Way).

Once on Stanley Jackson Way, at the T junction turn right into Common Lane. Follow the lane down to the railway crossing, ring the bell (you may have to wait a little while for the gate to be opened). Through the crossing follow the lane for 0.5 miles, bear left at junction for another 0.2 miles. WWAC (a red brick building) will be on your right.
